

EUROPEAN UNIVERSITY ASSOCIATION INVITE TO FAIRSFAIR

2 FOCUS GROUPS

Research data & FAIR data principles

22 August 2019

The European University Association and FAIRsFAIR invite participation in two focus groups which take place later this year:

➡ Universities, Research Data Management and the FAIR Principles

30 October 2019, Universidad Carlos III de Madrid

This focus group examines the development and implementation of research data policies and the FAIR data principles at universities. Take the opportunity to dialogue in-depth and share best practices with other university leaders who face similar challenges in their institutes.

Application deadline: 20 September 2019 - Application closed - The event has reached full capacity.

The content of this document does not represent the opinion of the European Union, and the European Union is not responsible for any use that might be made of such content.

➡ Teaching (FAIR) Data Management and Data Stewardship

19 November 2019, University of Amsterdam

This focus group addresses the question of how to develop research data-related competences of researchers, and examines where and how (FAIR) data management principles may be instilled in staff and students.

Application deadline: 4 October 2019 - Application closed

Click here for more information and to apply.

Participation is free of charge. Participant selection will be on the basis of experience, institutional background and geographical balance. Application to both events is permitted.
