

11 September 2019

➡ FAIRsFAIR supports the adoption of FAIR practices within the EOSC and beyond! ⬅

A total of seventy-three data repositories met the 30 August deadline to apply for FAIRsFAIR support in implementing FAIR principles:

- **Forty-one requests** were made for support in gaining CoreTrustSeal certification.
- **Thirty-two requests** were made for support in improving data interoperability.

The applications will be assessed by an independent committee of experts. Ten repositories will be selected to receive both a financial incentive and dedicated support in achieving CoreTrustSeal certification process. All applicants will have been notified of the outcome of their submission by 31 October 2019.

Open Calls: Recap

- Support for data repositories towards achieving CoreTrustSeal certification
- Support for “FAIRification” of data repositories

In the case of "FAIRification", FAIRsFAIR undertakes to provide:

© Copyright 2020 – FAIRsFAIR “Fostering FAIR Data Practices In Europe” has received funding from the European Union’s Horizon 2020 project call H2020-INFRAEOSC-2018-2020 Grant agreement 831558. The content of this document does not represent the opinion of the European Union, and the European Union is not responsible for any use that might be made of such content.

- Access to highly innovative solutions for interoperability
- Expertise on FAIR principles, processes and technology/implementation
- Actionable ideas to improve both current practice and portfolio of services
- The opportunity to become a widely publicised H2020 best practice use-case
- Dedicated attention from a multidisciplinary expert team
- Hosting and a convivial environment for collaboration sessions

Wish you'd requested support for your data repository?

Further calls will be made during the lifetime of the FAIRsFAIR project. Subscribe to the FAIRsFAIR newsletter **here** and receive regular project updates!

You contribution is important and you can make a difference.
