10 April 2020 update

As a necessary response to the COVID19 epidemic outbreak and the recent travel restrictions, the second workshop of the FAIRsFAIR Synchronisation Force which was originally scheduled for 29 April in Den Haag will be held as a series of online sessions.

The workshop is one of three being organised by the Synchronisation Force during the life of the FAIRsFAIR project and will unite representatives from the Working Groups of the EOSC Executive Board, the ESFRI clusters, the INFRAEOSC5 projects, and the European Group of FAIR Champions in discussions around the six pillars of the FAIR Expert group report Turning FAIR into Reality.

© Copyright 2020 – FAIRsFAIR "Fostering FAIR Data Practices In Europe" has received funding from the European Union's Horizon 2020 project call H2020-INFRAEOSC-2018-2020 Grant agreement 831558. The content of this document does not represent the opinion of the European Union, and the European Union is not responsible for any use that might be made of such content.

On April 29 proceedings kick off with a plenary session. The plenary will be followed by a series of six online small group sessions, each dedicated to a single pillar and to be held weekly during May. A final wrap-up will take place on 11 June. Meeting notes and recordings will be uploaded to this page as they become available.

Meeting Schedule

Plenary Session 29 April, 10:00 CEST

- Pre-read document
- Presentation (downloadable PDF)
- Recordings of the meeting
