

Date:
25 May 2020 to 26 May 2020
Location:
On line

## The e-IRG Workshop moves online as a series of three webinars

Initially planned as a physical meeting the workshop will now be organised as a series of three webinars, which will be held on the same days as originally planned.

Each webinar will address one of the **three top challenges for the further development of e-Infrastructures in the European Research Area** and beyond:

- development of adequate **skills**
- the **partnerships** between related stakeholders within and across national boundaries
- the **sharing of data under the FAIR principles**, within and across scientific domains, institutions and countries

The **three webinars**

1. ***Webinar I**: **Future skills in the new European Research Area***
2. ***Webinar II**: **Empowering the e-Infrastructure partnerships in ERA***
3. ***Webinar III**: **Making the data and services FAIR***

**Isabel Bernal** (CSIC), one of the **FAIRsFAIR Champions,** together with Barend Mons (GO FAIR), and Juan Bicarregui (EOSC RoP WG) will deliver a presentation on
**Making the data and services FAIR with the focus on current developments** - Webinar III
**26th May afternoon webinar (14:00 - 15:30 CET)**

## See here the complete list of the speakers and the whole agenda

The **Audience**:

The e-IRG workshops attract policy makers and funders, the e-Infrastructure providers and researchers on both the national and the European level and provide a platform for information exchange and networking of participants.
