SECOND SYNCHRONISATION WORKSHOP

Final Plenary

11 June 2020 - 14:00 CEST

10 June 2020

On Thursday 11 June, an online plenary session will close the FAIRsFAIR Synchronisation Force workshop series which began on 29 April. One of three such events to be organised by the Synchronisation Force during the life of the FAIRsFAIR project, the second workshop took place entirely online, gathering small groups of participants in six sessions each dedicated to one of the pillars of the FAIR Expert group report Turning FAIR into Reality. Recordings of those sessions are available with notes here.

The final report on the proceedings from the workshop will be published in due course.
