

Date:
08 October 2020 to 09 October 2020
Location:
Virtual

The University of Amsterdam is organising the “FAIR Competences for Higher Education Design Workshop” (virtual) on 8-9 October 2020 as part of FAIRsFAIR work on skills and training.

The workshop aims to gather projects and experts on research data management skills in higher education in order to advance a “FAIR for Higher Education” framework. Participants will discuss methods, standards, and implementation aspects of advancing FAIR within higher education curricula.

The workshop builds on previous work by FAIRsFAIR (D7.1 FAIR in European Higher Education, D7.2 Briefing on FAIR Competences and Synergies) and the EDISON project. For questions about the workshop, please contact Yuri Demchenko (y.demchenko@uva.nl).

Preliminary Agenda

Day 1 - 8 October 2020 14:00-17:00

- 14:00-14:15 - Welcome and online logistics
