RoRI, the Research on Research Institute of Wellcome Trust is looking for proposals to speed up adoption of the [FAIR principles](#) through the design and development of a suite of online open source software tools (FAIRware). [FAIRware is a Research on Research Institute initiative](#), led by the Austrian Science Fund, Canadian Institutes of Health Research, National Institute for Health Research, Swiss National Science Foundation and Wellcome.

The chosen supplier(s) will work with the [Wellcome Data Labs team](#) and RoRI funding partners to design and build a minimum viable product (MVP) to assess the FAIR status of data and software outputs initially – and of other research outputs in future. Suppliers will have access to expert advice from the European Commission’s FAIRsFAIR programme, a partner of the FAIRware initiative.

The deadline for expressions of interest is Friday 16 October 2020, 17:00 BST. Full proposals must be submitted by Wednesday 25 November 2020, 17:00 GMT.
