

Date:
21 April 2021 to 28 February 2022
Location:
Online

FAIRsFAIR webinar series aims to help repository managers become familiar with FAIR-enabling practices. Each webinar will provide an overview of a specific FAIR-enabling activity, share information on recent developments within FAIRsFAIR and other initiatives as well as offering examples of good practice, practical tips and recommendations. Each webinar will last a maximum in 1.5 hours and include time for questions and discussion. Registration is free and open to all however the main audience is repository managers and service providers. Data stewards and developers may also find the session informative.

You can check this page to see additional webinars as topics/dates/times are confirmed or register below to receive notifications by email’
