Building on the results from the first and second workshops and continuing the dialogue with its stakeholders, FAIRsFAIR is glad to announce the third Synchronisation Force workshops, to be held as a series of online sessions, starting April 29th with an orientation session.

The workshop aims to discuss common challenges and priorities related to turning the FAIR principles into practice and take another and final snapshot of the status of the implementation of

the recommendations from the **Turning FAIR into Reality (TFiR) report**.

Six sessions between the 11th and the 21st of May will center around the **six TFiR Pillar recommendations**, how they are contributing to the EOSC and FAIR vision in Europe as well as the current state of implementation**, and will conclude with a discussion session on June 10th**.

This workshop represents a unique chance for the various EOSC stakeholders to identify opportunities for collaboration and synchronisation and check progress.

Invited to this workshop are FAIRsFAIR primary stakeholders in the EOSC Ecosystem, namely FAIR representatives from ESFRI clusters, FAIR Task Force representatives from INFRAEOSC-5 projects, other horizontal projects, the EOSC Board of Directors, EC project officers, the FAIR Champions, and the FAIRsFAIR High-level Advisory Committee.
