

Third Synchronisation Force Workshop - registration form

We kindly ask you to [sign up to the FAIRsFAIR website](#) first in order to register for the event. In case you did it already, please [log-in here](#)

The third FAIRsFAIR Synchronisation Force Workshop will be held as a series of online sessions: a plenary kick-off and orientation session, working sessions constructed around the [Turning FAIR into Reality recommendations](#) and a concluding plenary discussion session.

Working sessions constructed around each of the six “Turning FAIR into Reality Report pillars”

- Pillar n 1: Core Concepts: FAIR Digital Objects and technical components of the FAIR ecosystem
- Pillar n 2: FAIR Culture: agreements on data availability and description, data management plans, recognition and reward, policies
- Pillar n 3: FAIR Ecosystem: key services, semantic technologies, trust and certification of services
- Pillar n 4: Skills for FAIR: data science and data stewardship, curriculum frameworks
- Pillar n 5: Incentives and Metrics
- Pillar n 6: Investment, Sustainability and Governance
