

Date:
18 November 2021
Location:
Online

The FAIRsFAIR Roadshow will virtually visit Estonia on the 18th of November to offer a FAIR programme, ranging from practical tools to FAIR-supporting projects. The event is open to researchers, data support staff, data stewards, and data policy makers and it is organised in collaboration with [University of Tartu Library](#) and [DataCite Estonia Consortium](#). The event will be in English.

Agenda
