Fostering Fair Data Practices in Europe

# Certified Digital Preservation: Practical tips for repositories on aligning with CoreTrustSeal in their Digital Preservation policies

November 4<sup>th</sup> 2021

## Aims

- Share some information on the FAIRsFAIR repository support programme to help repositories become more trustworthy and FAIR-enabling
- Understand how CoreTrustSeal (CTS) criteria relate to digital preservation
- Hear from one of the supported repositories on their experience in addressing digital preservation as part of their journey towards CTS certification

# Welcome!

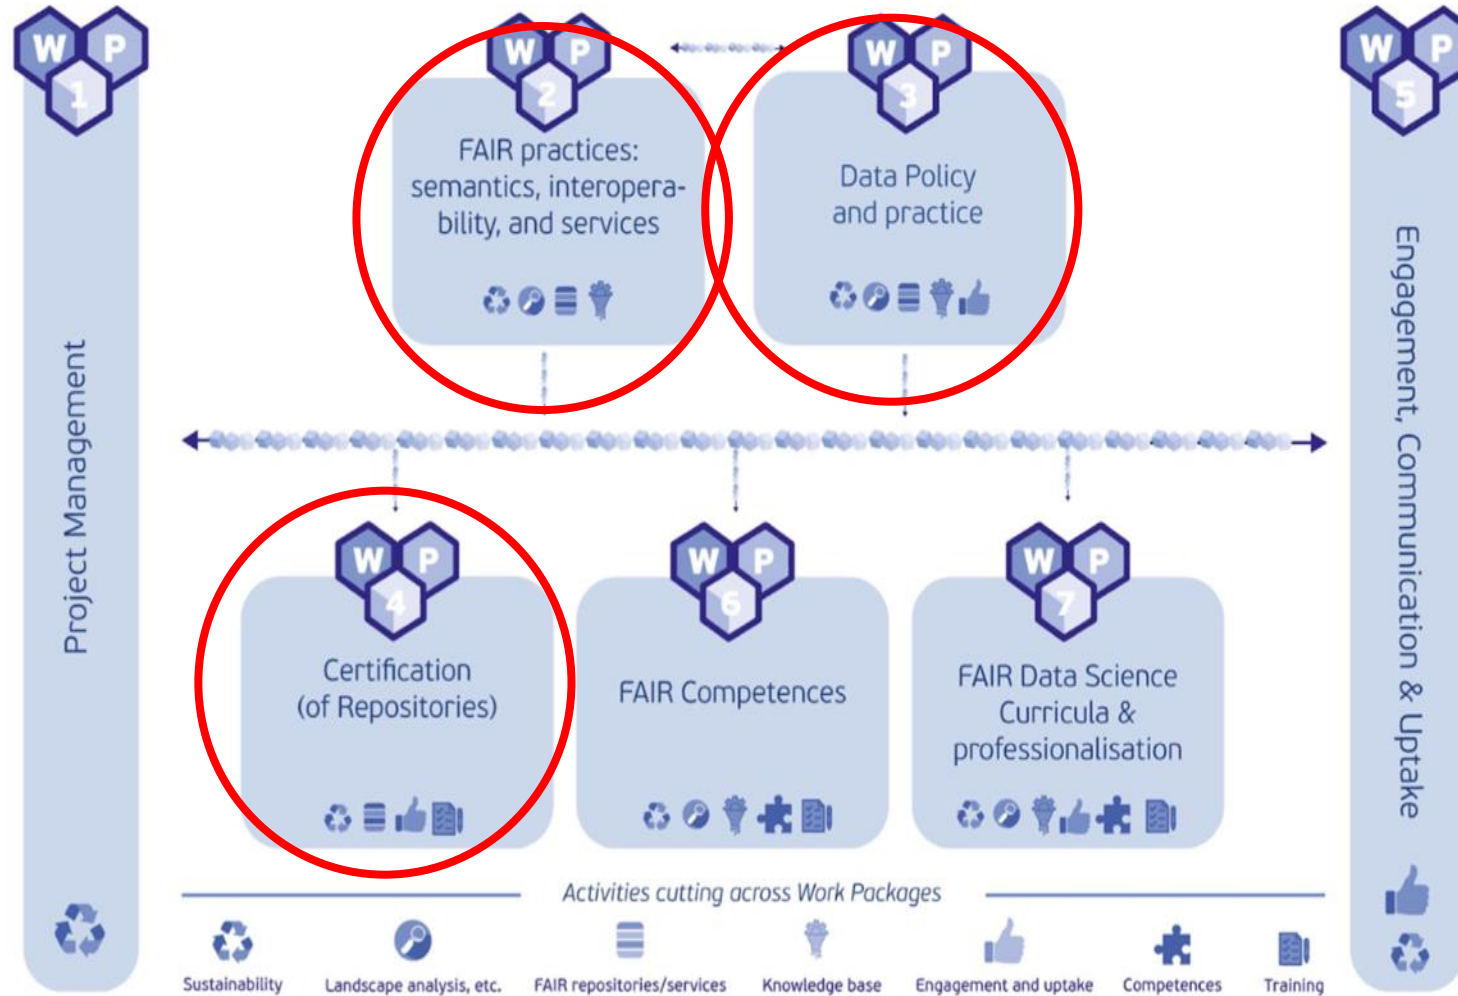

## FAIRsFAIR:

- H2020 funded project
- 22 partners, runs from March 2019-Feb 2022
- Emphasis on fostering FAIR data culture and uptake of good practices.
- Helping to realise the European Open Science Cloud (EOSC) vision.
